

Maui Airbnb & VRBO hosts

Your guests rent a car anyway. Get paid when they do.

Send guests your ReefRide link. Earn on every rental. Paid weekly.

How it works

-  Sign up at reefride.co/airbnb — paste your listing URL (30 seconds).
-  We approve every host by hand, usually within a day.
-  Add your link to your Airbnb saved messages — we give you the message.
-  Guests book locally owned cars; you earn on every rental, paid weekly.

% The math, worked out

A \$95/day car on a 5-day trip = \$475 booking. Your 5% = \$23.75.

Ten converting guests a month = about \$238. The cap is \$500 per property per month — roughly 21 bookings. Paid out every week.

Sponsor a car host — the bigger earner

Your cleaner or a friend lists a car: they keep 80% of every rental, insured and paid weekly. You earn a \$100 bonus after their first booking, then 5% of every booking on that car, forever. Car too old? Our Maui dealer program trades them up — the rental income is designed to cover the payment.
